Associate in Arts

Program Code: 0001

Description:

These requirements are for students who are majoring in one or more of the liberal arts and who plan to transfer to a four-year institution to complete a baccalaureate degree. The curriculum guides that follow serve as a general guide to the selection of courses toward fulfilling degree requirements specific to your intended major at a four-year college or university. Since requirements vary at colleges and universities, it is important to select your courses with the assistance of an academic advisor.

Admission:

Students wishing to pursue this degree may do so prior to being formally admitted to the program. However, all students must fulfill the admissions requirements, noted under the *Admissions Information* section of the catalog, prior to graduation.

Terms:

Students have six years to complete the requirements for the program they have declared. If the requirements are not completed within six years, students will be required to meet degree requirements for the program in effect at that time. However, students not enrolled for three consecutive semesters (not including summer) must meet the curriculum requirements in effect at the time of re-enrollment. Students can always choose to complete the current curriculum degree requirements.

Total Hours:

A minimum of 64 semester credits is required for this degree.

Residency:

Fifteen of the last 24 credits or an accumulation of 36 credits must be completed at SWIC. Active duty U.S. armed forces and reserve service members are only required to earn 15 credits at SWIC.

GPA:

A minimum cumulative GPA of 2.00 is required for a degree.

English 101 Requirement:

All students pursuing transfer degrees (AA, AS, AFA, AES) are required to enroll in English 101 or (if applicable) an English 101 requisite within their first 24-30 semester credits of enrollment.

Transfer Resources:

Please view additional transfer resources at swic.edu/students/services/advising/transfer-of-credit-and-articulation/

SWIC 2+2 Agreements:

SWIC has developed a number of 2+2 Agreements with four-year universities to allow for seamless transfer into specific majors. These articulations list recommended coursework to prepare SWIC graduates for entry at the junior level. Please visit swic.edu/students/services/advising/transfer-of-credit-and-articulation/ to learn more about 2+2 Agreements.

Human Relations:

One of the following courses must be completed. The course that is selected may also be applied toward the Humanities or Social/Behavioral Science General Education requirement as applicable. For reference, these courses are listed in **white** print in the general education areas.

Accounting Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/business/accounting/

Department Chair: Dawn Peters

Faculty: Dawn Peters, CPA, Jessica Talleur, CPA

Dean: Janet Fontenot

Accounting courses are useful to everyone in business. A major in accounting may lead to careers in business, industry or government. The Accounting pre-major prepares students to transfer to a four-year college or university and continue for a baccalaureate degree.

Important Transfer Information

Read the Course Description Guide (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

- Transfer requirements vary by receiving institution.
- Plan your Associate in Arts and transfer requirements with a SWIC academic advisor and use the transfer guide of the four-year institution you plan to attend.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

If you DON'T KNOW where you are transferring:

- Plan your Associate in Arts with a SWIC academic advisor.
- The **Associate in Arts Degree Requirement Checklist** (page 61) may be used as a GENERAL GUIDE; transfer requirements vary by receiving institution.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

Please view additional transfer resources at swic.edu/students/services/advising/transfer-of-credit-and-articulation/.

Associate in Arts Degree (0001) – Accounting Pre-Major

Students who plan to earn an Associate in Arts degree and then transfer to a four-year college or university to major in Accounting should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Arts degree listed on page 61 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) Business Major Panel recommends the following general education courses for this major:
 - MATH 203 – Analytic Geometry & Calculus I OR MATH 213 – Calculus for Business & Social Sciences
 - PHIL 152 – Ethics
 - ECON 201 – Principles of Economics I (Macro)
 - ECON 202 – Principles of Economics II (Micro)
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI Business Major Panel that you take the following classes:
 - ACCT 110 – Financial Accounting
 - ACCT 111 – Managerial Accounting
 - BUS 205 – Economic and Business Statistics
 - BUS 209 – Business Computer Systems
3. The additional courses recommended below may be applicable toward a baccalaureate Accounting major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - BUS 215 – Business Law I
4. Fulfill all other Associate in Arts degree requirements listed on page 60 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

A variety of careers are open to students who graduate with a bachelor's degree in accounting including:

- Certified public accountant
- Internal auditor
- Controller
- Assistant controller
- Tax accountant
- Investment banker
- Management consultant
- Cost accountant
- Financial analyst
- IRS agent

Aerospace Studies (AS)

Dean: Richard Spencer

For information on the Air Force Reserve Officer Training Corps (AFROTC) and class schedules, please visit www.afrotc.com or call 314-977-8227.

The objective of the AFROTC is to qualify students for appointment as second lieutenants in the United States Air Force. However, any student may enroll in the freshman/sophomore level aerospace studies courses and students may enroll in the junior/senior-level courses with the permission of the professor of Aerospace Studies.

The Department of Aerospace Studies at Parks College of Saint Louis University and Southern Illinois University Edwardsville offers two- and four-year programs. Through an agreement, students register at SWIC and then attend classes at the Edwardsville campus, Parks College, or any other school offering Aerospace Studies. Aerospace Studies courses are not offered at any SWIC location.

The four-year program is tailored for students with three or more years of undergraduate studies remaining. Students with junior standing or above may apply for entry into the two-year program. The two-year program is competitive and based on standardized scores, academic major, grade-point average, physical examination, personal interview with the professor of Aerospace Studies and successful completion of a summer field training session at an Air Force base. Applicants must be full-time students and must remain in good academic standing.

The Aerospace Studies program is divided into two parts: the General Military Course, the freshman/sophomore-level curriculum, and the Professional Officer Course, the junior/senior-level curriculum. The GMC covers two main themes: The Air Force Today and The Air Force Way. Freshmen cadets will enroll in the AS 101/102 courses which take place at SLU on Wednesdays from 2-3 p.m. Cadets who enroll in AFROTC with only three years left until graduation will be enrolled as members of the AS 200 class and participate in field training preparation activities. The courses of the POC emphasize the professional development of the future Air Force officer. The curriculum covers Air Force Leadership and Management and Preparation for Active Duty. Field trips to Air Force bases supplement classroom instruction and familiarize the cadet with Air Force operations and organizations.

To be commissioned, AFROTC cadets must:

Pass a medical exam at a military facility.

- Obtain a favorable evaluation on an Armed Forces personal history security investigation.
- Be at least 18 years old. Flying applicants must complete commissioning requirements before age 26 1/2 and non-flying applicants must complete commissioning requirements by age 30. However, the age limit for non-flying applicants may be extended to age 35 for outstanding individuals.
- Be of good character (as determined by a favorable record with law enforcement authorities).
- Successfully complete all AFROTC course requirements.
- Complete at least a baccalaureate degree.

AFROTC cadets must also successfully complete supplemental courses to enhance their utility and performance as commissioned officers. These include university courses in English composition and mathematical reasoning. Specific courses are designated by the professor of Aerospace Studies.

The Air Force ROTC textbooks are loaned to all ROTC students without charge. Students in the POC will receive a subsistence allowance of \$350 per month for a maximum of 20 months.

In addition to the AFROTC courses offered for academic credit, the Aerospace Studies department sponsors the Arnold Air Society. Arnold Air Society is a national honorary service organization open to selected AFROTC cadets.

Field Training

Cadets in the four-year program participate in four weeks of field training. Cadets in the two- or three-year programs (exception for prior AF service) must attend the six-week FT session, which is identical to the four-week program plus 90 hours of GMC curriculum. Field training is offered during the summer months at selected bases throughout the United States, usually between a student's sophomore and junior years. Major areas of study include: Air Force Orientation, Officer Training, aircrew/aircraft orientation, survival training, base functions and physical training.

Leadership Laboratory

In conjunction with Aerospace Studies curriculum, leadership laboratory is taken two hours per week throughout the student's enrollment in the AFROTC and is both organized and lead by cadets enrolled in the professional officer course. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop each student's leadership potential. The first two years of the leadership laboratory include a study of Air Force customs and courtesies, drill and ceremonies, studying the environment of an Air Force officer; and learning about areas of opportunity available to commissioned officers. The last two years of the leadership laboratory involve planning and controlling of military activities of the cadet corps. LLAB is held at SLU on Wednesdays from 3:30-5:30 p.m. and is mandatory for all cadets in the AFROTC program.

Incoming freshmen can join by registering for the Aerospace Studies course title AS 101: Foundations of USAF 1. Students with three years or less left until graduation can join by contacting the Unit Admissions Officer at AFROTC Detachment 207 at 314-977-8772 or by visiting their website at parks.slu.edu/afrotc.

Air Force Scholarships

The Air Force presently offers four, three-and-one-half, three, two-and-one-half, and two-year scholarships to qualified students. These scholarships pay tuition, certain fees, and textbook costs. Scholarship participants receive the \$150 per month subsistence allowance.

Federal and Illinois state scholarships are available for AFROTC cadets – any academic major may apply. Applications for federal scholarships should be submitted by detachment personnel to Headquarters Reserve Officers Training Corps, Maxwell Air Force Base, Alabama. Additionally, Illinois Veterans Tuition Assistance is available for Illinois Veterans who qualify. Information on scholarships can be acquired by telephoning Air Force ROTC Detachment 207 at 888-423-7682.

AEROSPACE STUDIES – U.S. AIR FORCE

Professor: Lt. Col. Angela Johnson

- Participation in AFROTC is not required to take Aerospace courses.
- Aerospace Studies courses (AS 101 through AS 202) are basic courses designed to acquaint students with the United States Air Force and the opportunities available as an officer.

Some courses may have requisites. Refer to the *Course Description Guide* beginning on page 244.

Agriculture Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/agriculture/

Program Coordinator: Kurt Range

Dean: Steve Holman

Agriculture in today's world is a business – planning, production and marketing of agriculture products and supplies. One of every four jobs in Illinois is related to growing, processing and transporting food products. Students who enter the field of agriculture have many career opportunities, including new, nontraditional careers in technology driven areas.

Anthropology Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/anthropology/

Department Chair: Catina Williams
Faculty: Karen Jobe

Dean: Richard Spencer

Anthropology is the study of culture and biology with the goal of understanding what makes us uniquely human. In addition to documenting particular cultures, anthropologists are interested in the nature of culture and cultural change. Through its holistic approach, anthropology links the social sciences, life sciences, and humanities in the exploration of human variations and universals. The focus includes the biological origins of humans, the archaeological study of past cultures, and the exploration of modern day cultural diversity. The anthropological perspective is a useful tool for understanding modern life in its global context and meeting the challenges of cross-cultural interactions.

Art Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/arts-and-communications/art/

Department Chair Faculty: Paula McAteer
Faculty: Don Bevirt

Dean: Richard Spencer

Drawing and painting, photography, ceramics, graphics, sculpture and printmaking – all are important to art instruction at SWIC.

Full-time and part-time faculty members are degreed professional artists, known in their fields. They exhibit nationally and are called upon to lecture, consult and judge shows in the Illinois/Missouri area as well as throughout the nation. In addition to your classroom experience, you may have the opportunity to show your work in campus exhibits and see firsthand the techniques of reputed artists who are brought to the campus for seminars.

Personal directions within the visual arts should be coordinated with the Art faculty as soon as possible.

Criminal Justice Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/criminal-justice/

Coordinator/Faculty: Van Muschler, ext. 5653

Faculty: Bill Sax

Dean: Julie Muertz

Criminal justice is the system in which crimes and criminals are detected, detained, tried and punished. People who study criminal justice actually learn about all the different components and inner workings of the system. Three main components make up the criminal justice system: law enforcement, courts and corrections. They work together to prevent and punish deviant behavior.

4. The **optional** courses listed below **may be** applicable toward a baccalaureate special education major. To ensure acceptance toward your major, check with the four-year institution where you intend to transfer.
 - ECE 110 Introduction to Early Childhood Education
 - ED 260 Introduction to Educational Technology
 - ART 260 Art for the Elementary Teacher
 - HES 221 Elementary School Activities
5. Fulfill all other Associate in Arts degree requirements listed on page 60 of this catalog.
6. Apply for graduation by the date published in the college calendar.
7. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Most** transfer institutions require a higher GPA for admission (usually a **2.75 or higher**) to the institution and/or specific majors (check with the transfer institution for their requirements).
8. Taking the Illinois Test of Academic Proficiency – TAP (for transfer to Illinois institutions), or the Praxis I (for most other states) is required for admission to a school of education program. Check with a advisor at the institution you plan to attend for specific details. NOTE: There is a five-attempt limit on TAP. (For help in preparing for education entrance tests, consider taking ED 257 – Education TAP Test Prep, a one-hour elective.) NOTE: The state of Illinois now accepts ACT (with writing) scores. In place of TAP, the state will accept an ACT composite of 22 or higher with a writing score of 6 or higher. SAT scores of 1100-plus (composite) and 26-plus (writing/language) are also now accepted. It is highly suggested that students use this option.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

SWIC offers courses leading to an Associate in Arts degree, which may then transfer to a four-year institution for pursuance of a bachelor's degree in special education. Students completing a bachelor's degree in special education may be eligible for certification to teach. In some instances, career paths in coaching or becoming a curriculum specialist may also be possible. Students completing the associate degree might be able to work in certain careers such as a paraprofessional (teacher's aide) or day care, if they choose not to pursue a bachelor's degree.

English Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/arts-and-communications/english/

Department Chair/Faculty: Steve Moiles
Faculty: Dan Cross, Kyle Donaldson, Nicole Hancock, Monica Hatch, Tami Hughes, Cynthia Hussain, Winnie Kenney, Cory Lund, Matt McCarter, Natasha Moore, Alicia Morgan, Brad Nadziejko, Michael Oliver, Jerald Ross, Lynne Schwartzhoff, Dianna Shank, Nancy Wagner, Chantay White-Williams

Dean: Richard Spencer

The discipline of English is more than just the language that we speak every day. While it is difficult to define English, the English pre-major at SWIC can best be described as a discipline that prepares students for a more advanced study of linguistics, rhetoric and composition, creative writing, literature and literary criticism, cultural studies, English education, and professional writing and communications. Courses in English are designed to help students become more sophisticated and knowledgeable critical readers of written, oral, and visual texts as well as to help students produce more sophisticated written, oral, and visual texts of their own.

Associate in Arts Degree (0001) – English Pre-Major

Students who plan to earn an Associate in Arts degree and then transfer to a four-year college or university to major in English should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Arts degree listed on page 61 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) English Major Panel recommends the following general education courses for this major:
 - LIT 120 – Introduction to Poetry
OR LIT 125 – Drama as Literature
OR Any General Education Humanities and Fine Arts classes not recommended for the major below.
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI English Major Panel that you take up to three of the following core survey courses:
 - LIT 251 – British Literature I
 - LIT 252 – British Literature II
 - LIT 213 – American Literature I
3. The additional courses recommended below may be applicable toward a baccalaureate English major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - LIT 214 – American Literature II
 - LIT 201 – World Literature I
 - LIT 215 – Contemporary Multicultural American Literature
 - ENG 107 – Creative Writing
 - ENG 207 – Advanced Creative Writing
 - Three to four semesters of the same Foreign Language depending on student's high school background. Two years in high school may substitute for the first two college semesters.
4. Fulfill all other Associate in Arts degree requirements listed on page 60 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

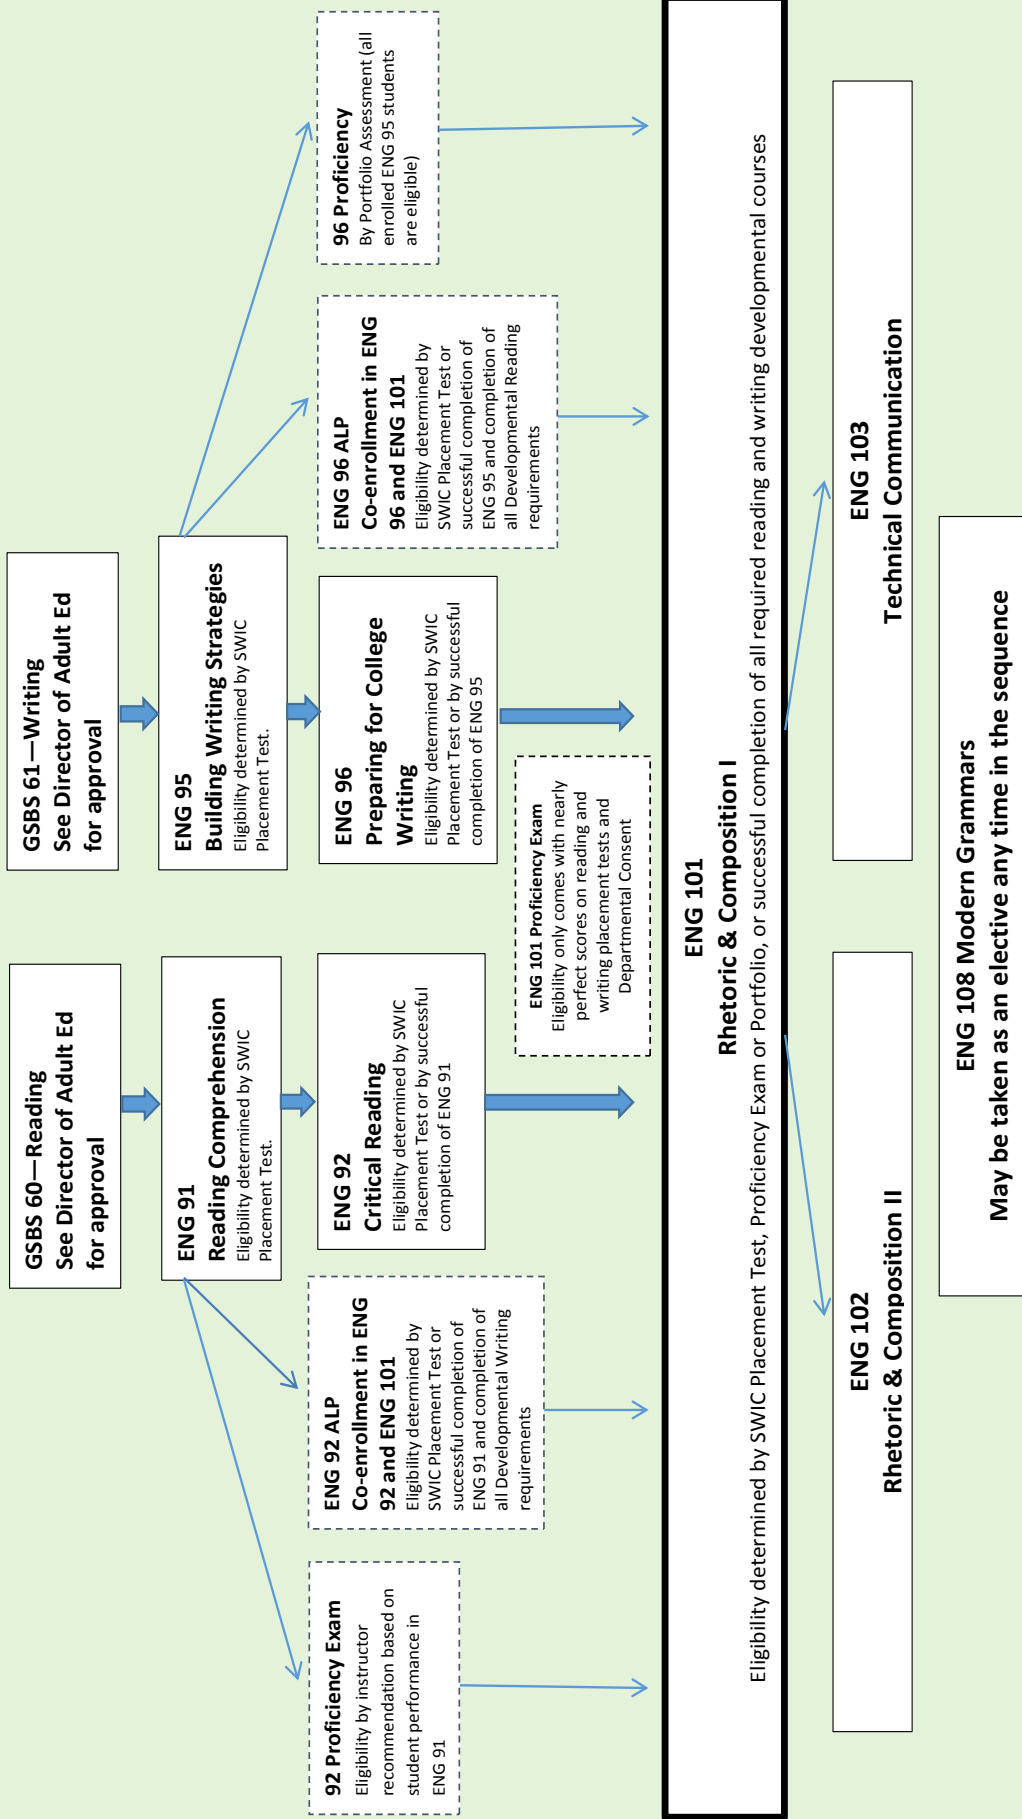

Because of the disciplines emphasis on critical thinking and reasoning and on achieving a level of sophistication and knowledge in both the reading and writing of texts, English majors are ideal candidates for the following jobs:

- Education
- Lawyer
- Educational technology
- Blogger
- Editor/writer
- Journalist/fact checker
- Technical writer
- Marketing/advertising/sales
- Non-profit/community organization

In addition, an English major/minor can be an ideal way to help prepare for graduate programs in the humanities or social sciences as well as law school.

English Course Placement Sequence

English courses are also requisites for many courses in other subjects.

Exercise Science Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/health-and-exercise/exercise-science/

Department Chair/Faculty: Garry Ladd
Faculty: Scott Wolf

Dean: Steve Holman

Exercise science is the study and application of scientific principles of human movement. As the nation addresses health issues associated with physical inactivity, employment opportunities in exercise science, fitness and wellness are expected to grow at a faster than average rate. The Exercise Science pre-major will provide students with opportunities to acquire the knowledge, skills, abilities and values that are essential for competency as a professional in the field of personal training and upper division baccalaureate study in exercise science.

Film Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/arts-and-communications/film/

Coordinator/Department Chair: Steve Moiles
Faculty: Dan Cross

Dean: Richard Spencer

Southwestern Illinois College is one of the only Illinois Community Colleges with a program in Film production (writing, shooting, and editing narrative movies). Students will gain experience with screenwriting, scheduling, shotlisting and storyboarding, operating cameras, directing actors, recording sound, and editing footage.

Students do not need any prior experience or need to have their own cameras. SWIC has a good-sized collection of film equipment (cameras, tripods, lights, microphones, and much more) which students can use in and out of class. There is also a studio with a greenscreen, sound recording booths, and a large computer lab for video editing. SWIC will provide students all needed materials to try their hand at moviemaking.

SWIC also offer several film studies courses (Film Appreciation, Film History, and Film and Literature) which fulfill the SWIC General Education requirement in Humanities.

Important Transfer Information

Read the Course Description Guide (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

- Transfer requirements vary by receiving institution.
- Plan your Associate in Arts and transfer requirements with a SWIC academic advisor and use the transfer guide of the four-year institution you plan to attend.

1. Fulfill the General Education and other institutional requirements for the Associate in Arts degree listed on page 61 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) Media and Communication Arts Major Panel recommends the following general education courses for the Film major:
 - No specific General Education courses recommended.
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI Media and Communication Arts Major Panel that you take the following courses to prepare for transfer as a Film major:
 - FILM 115 – Film Appreciation
 - FILM 215 – Film History
 - FILM 225 – Film and Literature
 - MCOM 201 – Introduction to Mass Communication
3. The additional courses recommended below may be applicable toward a baccalaureate Film major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.

 - FILM 150 – Moviemaking I
 - FILM 205 – Screenwriting II
 - FILM 230 – Sound Design
 - FILM 240 – Video Editing II
 - FILM 250 – Moviemaking II
4. Fulfill all other Associate in Arts degree requirements listed on page 60 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

After completing their degree, many SWIC film students transfer to four-year film schools, especially Southern Illinois University-Carbondale, Columbia College in Chicago, and Webster University in Webster Groves, Mo. Other SWIC film students have gone on to work in the film industry, video production, or television, and others have become self-employed, creating their own video production companies. Film is a tough business with few steady, secure, full time jobs. However, film production is exciting and enjoyable, and the skills students learn are increasingly valuable in many different fields including education, advertising, web design, and computer science.

Foreign Language Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/arts-and-communications/foreign-language/

Department Chair: Kristen Ruppert-Leach
Faculty: Adan Salinas

Dean: Richard Spencer

The study of language is profitable whether you are majoring in the arts, sciences or business. Spanish is the second most commonly spoken language in the United States and all science majors are encouraged to learn German and/or French. Business majors will discover that the ability to speak and understand a second or third language will give them employment advantages over those who are monolingual.

Geography Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/geography/

Department Chair: Carolyn Myers
Faculty: Jeff Arnold

Dean: Richard Spencer

Geography is the study of pattern and place on the earth's surface, that is, how the earth's surface is organized and used, and how its natural and cultural landscapes fuse into the powerful context of place. In SWIC Geography courses, students explore the processes that give rise to geographic patterns, examine the spatial outcomes of environmental and social forces, and learn to use state-of-the-art mapping software to display and analyze the world around us.

Dean: Richard Spencer

To understand the present and prepare for the future, we must understand the past. The study of history provides a solid foundation of knowledge which equips us to better comprehend our world. The History department offers students a wide range of opportunities to study in areas as diverse as American History, European History, World History, and the History of Religion, as well as the histories of Latin America, Asia, Africa and the Middle East. An associate degree with an emphasis on history provides a basic overview of the discipline and prepares you to transfer to a four-year history program. A Bachelor of Arts degree in History prepares students for careers in business, industry, or government, as well as for continued study leading to advanced degrees, for professional careers in academia, and in various archival and research fields. A minor in history is a good choice for any of the other social sciences as well as for English, foreign language and journalism.

Important Transfer Information

Read the Course Description Guide (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

- Transfer requirements vary by receiving institution.
- Plan your Associate in Arts and transfer requirements with a SWIC academic advisor and use the transfer guide of the four-year institution you plan to attend.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

If you DON'T KNOW where you are transferring:

- Plan your Associate in Arts with a SWIC academic advisor.
- The **Associate in Arts Degree Requirement Checklist** (page 61) may be used as a GENERAL GUIDE; transfer requirements vary by receiving institution.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

Associate in Arts Degree (0001) – History Pre-Major

Students who plan to earn an Associate in Arts degree and then transfer to a four-year college or university to major in History should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Arts degree listed on page 61 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) History Major Panel recommends the following general education courses for this major:
 - Two to four semesters of the same Foreign Language depending on student's high school background and requirements at school to which student plans to transfer.
 - Students pursuing history as a major are advised to take non-history courses to fulfill the GECC Humanities and Social and Behavioral Sciences general education requirements.
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI History Major Panel that you take the following classes:
 - HIST 180 – U.S. History to 1865
 - HIST 181 – U.S. History, 1865 to Present
 - HIST 101 – World Civilization I
 - HIST 102 – World Civilization II
3. The additional courses recommended below may be applicable toward a baccalaureate History major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - HIST 114 – Latin American History
 - HIST 115 – Mid-East History
 - HIST 117 – African History
 - HIST 118 – Asian History
 - HIST 152 – European Civilization II
 - HIST 230 – African-American History
 - HIST 286 – History of Religion
4. Fulfill all other Associate in Arts degree requirements listed on page 60 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

A variety of careers are open to students who graduate with a bachelor's degree in history including:

- Teacher
- Archivist
- News analyst

- Historical preservationist

International Studies Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/international-studies/

Department Chair/Faculty: Carolyn Myers
Faculty: Jeff Arnold, Steve Gaumer, Kevin Monroe, Van Plexico, Ray Webb

Dean: Richard Spencer

International Studies is an interdisciplinary pre-major focusing on developing a greater understanding of the world than that provided by a single discipline. There are two possible concentrations within International Studies: (1) an international relations concentration that puts special emphasis on global issues and the relationships between states and (2) an area studies concentration that focuses on a deeper understanding of a single area of the world.

Journalism – Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/arts-and-communications/journalism/

Department Chair: Steve Moiles

Dean: Richard Spencer

Journalism is the collection and periodical dissemination of current news and events or, more strictly speaking, the business of managing, editing, or writing for journals or newspapers. The application of the term “journalism” has broadened to include news reporting and commentaries on a wide variety of electronic media. Courses in the Journalism program examine the idea of news, the methods and techniques of news writing, types of journalistic stories and publications, news judgment, and ethical issues in journalism. With writing assignments that emphasize clarity and impact, some courses also apply practical research methods (including interviewing), copyediting, and the principals and techniques of electronic editing, information management, and publication design.

Career Opportunities

Because of the disciplines emphasis on critical thinking and reasoning and on achieving a level of sophistication and knowledge in both the reading and writing of texts, journalism majors are ideal candidates for the following jobs:

- Education
- Blogger
- Reporter
- Editor/writer
- Journalist/fact checker
- Technical writer
- Marketing/advertising/sales
- Communications specialist

In addition, a journalism major/minor can be an ideal way to help prepare for graduate programs in the humanities or social sciences as well as law school.

Literature is one of the great creative and universal means of communicating the emotional, spiritual, and intellectual concerns of humankind. Literature may instruct and inform, entertain, express personal joy or pain, or advocate a particular point of view – whether it is political, social, or aesthetic. Courses in literature are designed to help students become more sophisticated and knowledgeable critical readers of written, oral, and visual texts as well as to help students produce more sophisticated written, oral, and visual texts of their own.

Military Science – Army ROTC (MSC)

swic.edu/academics/transfer-degrees/military-science-army-rotc/

Dean: Richard Spencer

For information on the Army ROTC and class schedules, call 618-650-2503. Classes may be held at a SWIC campus or Southern Illinois University Edwardsville.

Military Science

The purpose of Military Science is to develop young women and men into junior commissioned officers for positions of responsibility in the Army Reserve, Army National Guard or active Army. Those who successfully complete the Reserve Officers' Training Corps program normally earn commissions as lieutenants in the United States Army.

Army ROTC

ROTC may be completed in several different ways as outlined below.

1. **Four-Year Option.** Military Science is traditionally offered as a four-year option. It is best to start as a freshman, but special arrangements can be made for those who start as sophomores. The first two years of Military Science are voluntary (without service obligation) and designed to give the students a perspective on their leadership ability and what the Army can offer them. Students who continue in ROTC and pursue a commission upon completion of the last two years of Military Science are provided with a subsistence allowance (up to \$2,000) and all necessary uniforms and Military Science books.
2. **Two-Year Option.** The two-year option is designed to provide greater flexibility in meeting the needs of students desiring commissions in the United States Army. SWIC students who do not participate in the four-year or community college transfer option are eligible for enrollment at Southern Illinois University Edwardsville. Basic requisites for entering the two-year option are:
 - a. Students must be accepted at Southern Illinois University Edwardsville.
 - b. Students must be in good academic standing (minimum 2.0 GPA) and pass an Army medical examination.
 - c. Students must have two academic years of study remaining (undergraduate or graduate). If students are undergraduates, they must have junior status.

Students will attend a six-week summer camp to obtain the knowledge acquired by students in the four-year option. Attendance at the basic camp does not obligate students in any way and is only intended to provide students experience with Army life and its opportunities. Students will be paid approximately \$750 for attendance at basic camp.

ROTC Scholarships

The Army Reserve Officers' Training Corps currently has 12,000 scholarships in effect, which pay for tuition and fees, books, and provide \$100 monthly for the academic year (four-year institution only). These scholarships cover periods of four years, three years, and in some circumstances two years. SWIC sophomores should apply in January for the two-year scholarships. Special consideration for scholarships is given to students in engineering, nursing, business, and any of the physical sciences. Scholarship students normally incur a four-year active duty obligation; however, they may request reserve duty to serve with the National Guard or Army Reserve, or may initially compete for scholarships which guarantee reserve or guard duty.

In addition, Illinois State Army ROTC scholarships are available at Southern Illinois University Edwardsville. These scholarships pay for tuition on a charter basis and are renewable. Please contact the Army ROTC Military Science professor for details.

Qualifications

All students who desire to enter the Army Reserve Officers' Training Corps must be United States citizens, be in good physical condition, and have high moral character. Students must be at least 17 years old to enroll and not over 30 when they receive their commission. Additional qualifications to be admitted into the advanced course include an academic average of C or better and passing an Army medical examination.

Academic Preparation

The SIUE Army Reserve Officers' Training Corps academic preparation consists of two parts: (1) earning a degree in the student's chosen academic subject, and (2) completion of 18 semester credits (four-year option) or 12 semester credits (two-year option) of the Military Science curriculum. The courses in Military Science are university-level academic courses. The curriculum consists of classroom instruction and a leadership laboratory in which students receive leadership experience.

Leadership Laboratory

Leadership Laboratory is required of all students enrolled in Military Science classes. Classes are held one hour each week unless otherwise designated. In addition, students attend one mandatory field training exercise each semester. Leadership Laboratory develops individual military skills and leadership ability through participation in drill and ceremonies, survival training, rappelling, field training exercises and exposure to progressively greater responsibilities within the Cadet Corps Organization.

Extracurricular Activities Sponsored by Army ROTC

Army ROTC students are encouraged to participate in a wide variety of extracurricular activities designed to enhance the development of individuals' leadership skills and military knowledge. These activities include the Color Guard, Ranger Club and intramural sports. Students not enrolled in ROTC may participate in these activities with the permission of the professor of Military Science.

Music Pre-Major

swic.edu/academics/transfer-degrees/arts-and-communications/music/

Department Chair/Faculty: Ed Jacobs
Faculty: Adam Hucke, Andrew Jensen, Diana Umali

Dean: Richard Spencer

SWIC is the place to discover and develop your musical abilities, whether as a soloist, a member of a performing group or as a listener. Music faculty are recognized for their expertise and are active as performers, clinicians, festival directors, adjudicators and organizational leaders.

To achieve junior status as a Music major, students are required by four-year colleges and universities to have completed four semesters of Music Theory, Ensemble, and Private Applied Instruction, respectively. Music majors should also be able to demonstrate piano proficiency at the MUS 214 (fourth semester of class piano) level prior to transferring to a four-year college or university.

Students who intend to major in music and enroll in Private Applied Instruction and Music Theory should contact the department chair to arrange a music audition and theory assessment test. The audition and theory test should be completed no later than the week before classes begin and preferably much earlier. Music scholarship auditions for each academic year are held during the previous spring semester. Students are encouraged to audition for a scholarship and take the theory assessment test at that time.

Associate in Fine Arts Degree (0050) – Music Performance

This degree program is for students who are majoring in Music Performance and planning to transfer to a four-year institution to complete a baccalaureate degree. **AFA students complete their general education requirements after they transfer to a four-year college or university.** Students who are interested in pursuing the AFA-Music Performance degree program should consult with a full-time Music faculty member or an academic advisor. Philosophy Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/philosophy/

Department Chair: Kristen Ruppert-Leach
Faculty: Michael Oliver, Darrell Russell, Ph.D.,
Katherine Witzig, Ph.D.

Dean: Richard Spencer

Philosophy is at the core of liberal arts education. Its study prepares students for a wide range of pursuits. The study of philosophy develops a student's ability to analyze, evaluate, and debate ideas. While a career in philosophy is confined largely to teaching, students of philosophy have gone on to become lawyers, managers, theologians, writers, artists, comedians, and talk show hosts.

Philosophy is the study of the significant questions in life. It probes into issues that range from those about who we are to those about the nature of reality, the meaning of the good life, the essence of truth, the idea of the good government, the notion of God, and the requirements of good art.

Political Science Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/political-science/

Department Chair/Faculty: Carolyn Myers
Faculty: Steve Gaumer, Kevin Monroe, Van Plexico

Dean: Richard Spencer

Political scientists study the nature of power and the role of government, both in our own nation and in the ever-shrinking global arena. Political science majors can work in business and industry as labor relations managers, public relations specialists and lobbyists, or in government as agency directors, urban planners and the like. Many utilize their talents as writers, editors or journalists, or they may serve as directors of civic or charitable organizations. Many political scientists go into law, social work and other related fields.

Pre-Chiropractic Pre-Major Associate in Arts Degree

Dean: Steve Holman

Chiropractic is a health care discipline that emphasizes the healing of the body without the use of drugs or surgery. The practice of chiropractic focuses on the relationship between the structure of the spine and function of the nervous system, and how that relationship affects the preservation and restoration of health. Doctors of chiropractic work in cooperation with other health care practitioners when in the best interest of the patient.

Pre-Law

swic.edu/academics/transfer-degrees/pre-professional/pre-law/

Dean: Richard Spencer

The Association of American Law Schools believes that the effectiveness of pre-legal study cannot be advanced by prescribing courses of study or extracurricular activities. Instead, primary emphasis should be directed toward the development in pre-law students of basic skills and insights through education for comprehension and expression in words, for critical understanding of the human institutions and values with which law deals, and for creative power in thinking.

This is best achieved in fields of individual interests and abilities. In addition, law touches so many phases of human activity that there is scarcely a subject which is not of value to the law student and to the lawyer. A student is therefore advised to place as much emphasis on the liberal arts as his or her own program of undergraduate study will permit; and within the outlines of that program the following should also be noted:

- Pre-Law is not a major in that students cannot receive a degree in pre-law. Since virtually all law schools now require applicants to possess a bachelor's degree, students are advised to select a major in the academic area in which they would like to obtain a degree.
- The following subjects are common baccalaureate majors and minors among pre-law students: accounting, anthropology, economics, English, history, life or physical science, literature, philosophy, political science, psychology, sociology and speech communication.
- The essential ability to think precisely and exactly is most likely to be acquired through courses in logic, mathematics, the natural sciences and philosophy.
- Courses in English composition and public speaking develop the power of clear and well-ordered expression. Courses in which students receive intensive faculty critiques of their writing skills are highly recommended. Preparation in composition is essential and preparation in public speaking is of great value.
- The fields of history (particularly English and American history), economics, political science, psychology, and sociology are important to an appreciation of human institutions and values and their relation to law.
- An understanding of financial statements and of elementary accounting principles has become almost indispensable. In the changing face of the law office, knowledge of technology is imperative.
- There are opportunities in special types of practice for those who concentrate in particular fields, such as agriculture, business administration, biology, chemistry, engineering or physics, before entering law school.
- To practice law in the courts of any state, a person must be licensed, or admitted to its bar, under rules established by the state's Supreme Court. To qualify for the bar exam in most states, the applicant must complete at least three years of college and graduate from a law school approved by the American Bar Association. The Law School Admissions Test is generally required for admission to a college of law. It provides a standard measure of acquired reading comprehension and analytical, logical, and verbal reasoning skills that law schools can use as one of several factors in assessing applicants. The LSAT also requires a writing sample.

Psychology Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/psychology/

Department Chair/Faculty: Catina Williams
Faculty: Laura Billings, Carla Bills, Barbara Hunter,
Kathy Kufskie, Traci Sachteleben, Andrew Wheeler

Dean: Richard Spencer

The goal of the psychologist is to understand, explain, predict and control people's behavior. Those who major in psychology often go on to pursue graduate study in psychology, which leads to careers in teaching, research or counseling. For instance, many who study psychology become counselors, sometimes in educational or social welfare organizations, but also with employment agencies, industry and business, hospitals, and other organizations that employ or work with many people. Psychology as a minor is excellent for business majors, teachers, sociologists, and others whose careers revolve around their relationships with people.

Social Work Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/social-work/

Coordinator/Faculty: Susan Holbrook

Dean: Richard Spencer

Social work is a profession devoted to helping people function optimally in their environment. Social workers help people by providing direct services to individuals, families, groups and communities, and by working to change or improve social conditions. This two-year transfer program leads to an Associate in Arts degree. The recommended curriculum is designed for students pursuing a baccalaureate degree in social work. Baccalaureate degree programs in social work prepare students for careers in public and private agencies such as child welfare, mental health, corrections, shelters, and many other workplaces.

Sociology Pre-Major

Associate in Arts Degree

swic.edu/academics/transfer-degrees/social-science/sociology/

Department Chair: Catina Williams
Faculty: Susan Holbrook, Karen Jobe

Dean: Richard Spencer

Sociology is the study of human behavior within the context of society. It explores the impact of groups on individual behavior and how the actions of people affect society. This discipline covers everything from interactions in small groups to the structures of whole societies. Areas of focus include social change, race and ethnicity, inequality, gender, social problems, family life and crime. Understanding how society impacts behavior prepares the sociology major for a wide range of occupations dealing with people, analyzing social information and addressing social problems.

Important Transfer Information

Read the Course Description Guide (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

- Transfer requirements vary by receiving institution.
- Plan your Associate in Arts and transfer requirements with a SWIC academic advisor and use the transfer guide of the four-year institution you plan to attend.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

If you DON'T KNOW where you are transferring:

- Plan your Associate in Arts with a SWIC academic advisor.
- The **Associate in Arts Degree Requirement Checklist** (page 61) may be used as a GENERAL GUIDE; transfer requirements vary by receiving institution.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

Associate in Arts Degree (0001) – Speech Communication Pre-Major

Students who plan to earn an Associate in Arts degree and then transfer to a four-year college or university to major in Speech Communication should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Arts degree listed on page 61 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) Media and Communication Arts Major Panel recommends the following general education courses for this major:
 - No specific General Education courses recommended
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI Media and Communication Arts major Panel that you take the following classes:
 - SPCH 155 – Interpersonal Communication
3. The additional courses recommended below may be applicable toward a baccalaureate Speech Communication major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - SPCH 200 – Oral Interpretation
 - THEA 256 – Theatre Acting
 - SPCH 213 – Introduction to Public Relations
 - THEA 120 – Theatre Appreciation
4. Fulfill all other Associate in Arts degree requirements listed on page 60 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

Speech communication majors are frequently employed in areas such as:

- Business management
- Advertising and marketing
- Broadcast media
- Public relations

Dean: Richard Spencer

Theatre is a subject that is a benefit to everyone, no matter what field he or she plans to enter. Even the research scientist, who spends most of his or her time in a laboratory, is expected to give papers and present seminars. Others who work in people-oriented fields will find a good background in theatre to be invaluable to success. Theatre majors are frequently employed in the broadcast media, and they often continue for further training in drama. Theatre and business as a combination may significantly enhance your chances for success in the business world.

Associate in Science

Program Code: 0002

Description:

These requirements are for students who are majoring in science or mathematics and who plan to transfer to a four-year institution to complete a baccalaureate degree. The curriculum guides that follow serve as a general guide to the selection of courses toward fulfilling degree requirements specific to your intended major at a four-year college or university. Since requirements vary at colleges and universities, it is important to select your courses with the assistance of an academic advisor.

Admission:

Students wishing to pursue this degree may do so prior to being formally admitted to the program. However, all students must fulfill the admissions requirements, noted under the *Admissions Information* section of the catalog, prior to graduation.

Terms:

Students have six years to complete the requirements for the program they have declared. If the requirements are not completed within six years, students will be required to meet degree requirements for the program in effect at that time. However, students not enrolled for three consecutive semesters (not including summer) must meet the curriculum requirements in effect at the time of re-enrollment. Students can always choose to complete the current curriculum degree requirements.

Total Hours:

A minimum of 64 semester credits is required for this degree.

Residency:

Fifteen of the last 24 credits or an accumulation of 36 credits must be completed at SWIC. Active duty U.S. armed forces and reserve service members are only required to earn 15 credits at SWIC.

GPA:

A minimum cumulative GPA of 2.00 is required for a degree.

English 101 Requirement:

All students pursuing transfer degrees (AA, AS, AFA, AES) are required to enroll in English 101 or (if applicable) an English 101 requisite within their first 24-30 semester credits of enrollment.

Transfer Resources:

Please view additional transfer resources at swic.edu/students/services/advising/transfer-of-credit-and-articulation/.

SWIC 2+2 Agreements:

SWIC has developed a number of 2+2 Agreements with four-year universities to allow for seamless transfer into specific majors. These articulations list recommended coursework to prepare SWIC graduates for entry at the junior level. Please visit swic.edu/students/services/advising/transfer-of-credit-and-articulation/ to learn more about 2+2 Agreements.

Human Relations:

One of the following courses must be completed. The course that is selected may also be applied toward the Humanities or Social/Behavioral Science General Education requirement as applicable. For reference, these courses are listed in **white** print in the general education areas.

- ___ Humanities: HIST 230, LIT 117, LIT 215, LIT 216
- ___ Social Science: HIST 180, HIST 181, POLS 150
- ___ Behavioral Science: PSYC 295, SOC 153, SOC 203, SOC 230

Non-Western Culture:

One of the following courses must be completed. The course that is selected may also be applied toward the Humanities or Social/Behavioral Science General Education requirement as applicable. For reference, these courses are **highlighted** in the general education areas.

- ___ Humanities: ART 103, HIST 286, LIT 205, MUS 110, PHIL 155
- ___ Social Science: GEOG 152, GEOG 202, HIST 101, HIST 102, HIST 114, HIST 115, HIST 117, HIST 118
- ___ Behavioral Science: ANTH 150

Math and English Course Placement:

All degree-seeking students are required to be assessed and placed in the appropriate math and/or English classes. For more information, please refer to the *Math and English Course Placement* section in this catalog.

College Success Strategies:

Beginning students are encouraged to enroll in ED 101 College Success Strategies. For information regarding this course, see the *Course Description Guide* at the back of the catalog.

Apply for Graduation:

Students must submit an application to Enrollment Services. Applications can be submitted through eSTORM or through Enrollment Services. To be considered for a specific term, applications must be received by the following dates:

Important Transfer Information

Read the Course Description Guide (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

- Transfer requirements vary by receiving institution.
- Plan your Associate in Science and transfer requirements with a SWIC academic advisor and use the transfer guide of the four-year institution you plan to attend.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

If you DON'T KNOW where you are transferring:

- Plan your Associate in Science with a SWIC academic advisor.
- The **Associate in Arts Degree Requirement Checklist** (page 61) may be used as a GENERAL GUIDE; transfer requirements vary by receiving institution.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

Please view additional transfer resources at swic.edu/students/services/advising/transfer-of-credit-and-articulation/.

Associate in Science Degree (0002) – Biology Pre-Major

Students who plan to earn an Associate in Science degree and then transfer to a four-year college or university to major in Biology should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Science degree listed on page 111 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) Biological Sciences Major Panel recommends the following general education courses for this major:
 - MATH 203 – Analytic Geometry & Calculus I
 - BIOL 101 – Principles of Biology I
 - CHEM 105 – General Chemistry I
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI Biological Sciences Major Panel that you take the following classes:
 - BIOL 102 – Principles of Biology II
 - CHEM 106 – General Chemistry II
 - CHEM 201 – Organic Chemistry I
 - CHEM 202 – Organic Chemistry II
3. The additional courses recommended below may be applicable toward a baccalaureate Biology major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - BIOL 108 – General Ecology
 - BIOL 151 – Fundamental Botany
 - BIOL 204 – Vertebrate Zoology
 - BIOL 270 – Genetics
 - PHYS 151 – College Physics I
OR PHYS 204 – Physics-Mechanics
 - PHYS 152 – College Physics II
OR PHYS 205 – Physics-Heat, Electricity & Magnetism
 - MATH 191 – Introduction to Statistics
4. Fulfill all other Associate in Science degree requirements listed on page 110 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

A variety of careers are open to students who graduate with a bachelor's degree in biology including:

- Aquatic biologist
- Biomedical scientist
- Ecologist
- Fisheries biologist
- Forensic scientist
- Geneticist
- Infection control specialist
- Laboratory technician
- Marine biologist
- Microbiologist
- Mortician
- Physiologist
- Public health specialist
- Teacher
- Veterinarian
- Wildlife biologist

Important Transfer Information

Read the Course Description Guide (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

- Transfer requirements vary by receiving institution.
- Plan your Associate in Science and transfer requirements with a SWIC academic advisor and use the transfer guide of the four-year institution you plan to attend.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

If you DON'T KNOW where you are transferring:

- Plan your Associate in Science with a SWIC academic advisor.
- The **Associate in Arts Degree Requirement Checklist** (page 61) may be used as a GENERAL GUIDE; transfer requirements vary by receiving institution.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

Associate in Science Degree (0002) – Chemistry Pre-Major

Students who plan to earn an Associate in Science degree and then transfer to a four-year college or university to major in Chemistry should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Science degree listed on page 111 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) Chemistry Major Panel recommends the following general education courses for this major:
 - MATH 203 – Analytic Geometry & Calculus I
 - MATH 204 – Analytic Geometry & Calculus II
 - PHYS 204 – Physics-Mechanics
 - PHYS 205 – Physics-Heat, Electricity & Magnetism
 - BIOL 101 – Principles of Biology I
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI Chemistry Major Panel that you take the following classes:
 - CHEM 105 – General Chemistry I
 - CHEM 106 – General Chemistry II
 - CHEM 201 – Organic Chemistry I
 - CHEM 202 – Organic Chemistry II
3. The additional courses recommended below may be applicable toward a baccalaureate Chemistry major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - BIOL 102 – Principles of Biology II
 - MATH 191 – Introduction to Statistics
 - PHYS 206 – Physics-Light & Modern Physics
 - MATH 205 – Analytic Geometry & Calculus III
4. Fulfill all other Associate in Science degree requirements listed on page 110 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

A variety of careers are open to students who graduate with a bachelor's degree in chemistry including:

- Pharmacologist
- Biochemist
- Pharmacist
- Teacher
- Chemical engineer
- Toxicologist
- Quality control specialist
- Chemical technician
- Crime lab analyst
- Product tester
- Forensic chemist
- Analytical chemist
- Water purification chemist
- Pharmaceutical sales person

Computer Science Pre-Major

Associate in Science Degree

swic.edu/academics/transfer-degrees/math-and-science/computer-science/

Department Chair: Keven Hansen
Faculty: David Collins Jr., Christopher Farmer

Dean: Steve Holman

This two-year program is designed for students who plan to transfer to a senior institution to complete a four-year degree program with a technical/mathematical emphasis. A four-year degree in computer science prepares students to work as scientific and business application programmers, computer systems analysts, operation research analysts and numerical analysts. Career opportunities are available in industry, business, government and education.

Important Transfer Information

Read the Course Description Guide (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

Associate in Science Degree (0002) – Computer Science Pre-Major

Students who plan to earn an Associate in Science degree and then transfer to a four-year college or university to major in Computer Science should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Science degree listed on page 111 of this catalog. General Education course **preferences** may vary by transfer institution. For students who do not know where they plan to transfer, the Illinois Articulation Initiative (IAI) Computer Science Major Panel recommends the following general education courses for this major:
 - MATH 203 – Analytic Geometry & Calculus I
OR MATH 213 – Calculus for Business & Social Sciences
OR MATH 113 – Finite Math for Business & Social Sciences
 - PHYS 204 – Physics-Mechanics
 - ECON 115 – Introduction to Economics
OR ECON 201 – Principles of Economics I (Macro)
and ECON 202 – Principles of Economics II (Micro)
2. As you fulfill your degree requirements, it is **strongly recommended** by the IAI Computer Science Major Panel that you take the following classes:
 - MATH 171 – Computer Science I – Java
 - MATH 271 – Computer Science II – Java
3. The additional courses recommended below may be applicable toward a baccalaureate Computer Science major. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - MATH 292 – Linear Algebra
 - MATH 191 – Introduction to Statistics
4. Fulfill all other Associate in Science degree requirements listed on page 110 of this catalog.
5. Apply for graduation by the date published in the college calendar.
6. Earn at least 64 **transferable** credits with a minimum cumulative grade point average of 2.00 to graduate from SWIC. **Many** transfer institutions require a higher GPA for admission to the institution and/or specific majors.

Note: Enrollment in many transfer classes is based on your fulfillment of course requisites and/or your placement in Math and English classes.

Career Opportunities

A variety of careers are open to students who graduate with a bachelor's degree in computer science including:

- Teacher/professor
- Internet/intranet programmer

Earth Science Pre-Major

Associate in Science Degree

swic.edu/academics/transfer-degrees/math-and-science/earth-science/

Department Chair/Faculty: Joy Branlund
Faculty: Stanley Hatfield

Dean: Steve Holman

Earth Science is the general name for all the sciences that seek to understand the Earth and its neighbors in space. Geology, which literally means the study of the Earth, examines the origin and development of the solid Earth, as well as the processes that operate beneath and upon its surface. Meteorology involves the study of our atmosphere, while oceanography deals with the dynamics of the oceans. The study of the Earth is not confined to investigating the interactions and interrelationships on our planet alone, but also attempts to relate the earth to the larger universe using the science of astronomy.

Associate in Science Degree (0002) – Earth Science Pre-Major

Students who plan to earn an Associate in Science degree and then transfer to a four-year college or university to major in Geology, Meteorology, Astronomy, or Oceanography should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Science degree listed on page 111 of this catalog. General Education course preferences may vary by transfer institution. For students who do not know where they plan to transfer, the Physical Sciences department recommends the following general education courses for these majors:
 - MATH 191 – Introduction to Statistics
 - SOC 153 – Introductory Sociology
 - GEOG 152 – World Regional Geography
 - ES 101 – Earth Science
2. As you fulfill your degree requirements, it is strongly recommended by the Physical Sciences department that you take the following classes for the listed majors:

Geology Major

ES 102 – Physical Geology
ES 180 – Historical Geology
MATH 203 – Analytic Geometry & Calculus I
CHEM 105 – General Chemistry I
CHEM 106 – General Chemistry II

Meteorology Major

ES 250 – Introduction to Meteorology
MATH 203 – Analytic Geometry & Calculus I
CHEM 105 – General Chemistry I
CHEM 106 – General Chemistry II

Astronomy Major

ATY 101 – Astronomy
MATH 203 – Analytic Geometry & Calculus I
CHEM 105 – General Chemistry I
CHEM 106 – General Chemistry II

Oceanography Major

ES 102 – Physical Geology
MATH 203 – Analytic Geometry & Calculus I
CHEM 105 – General Chemistry I
CHEM 106 – General Chemistry II

Earth Science Pre-Major (continued)

- The additional courses recommended below may be applicable toward the indicated majors. Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level. To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.

IMPORTANT NOTE TO STUDENTS: The Illinois Articulation Initiative (IAI) Engineering Major Panel recommends students planning to pursue an engineering major upon transfer should complete the Associate in Engineering Science degree instead of the Associate in Arts or Associate in Science degree. If these students instead choose to complete the full general education package in the AA or AS degree, it is likely that they will either have too many hours in transfer and/or will miss important prerequisites and major courses that will prolong the time it takes to obtain the bachelor's degree. This is why the AES degree is the best option for students seeking a bachelor's degree in Engineering.

Note that different engineering specialties require a unique set of courses.

- Teacher
- Financial analyst
- Systems consultant
- Research data analyst

Math Sequence

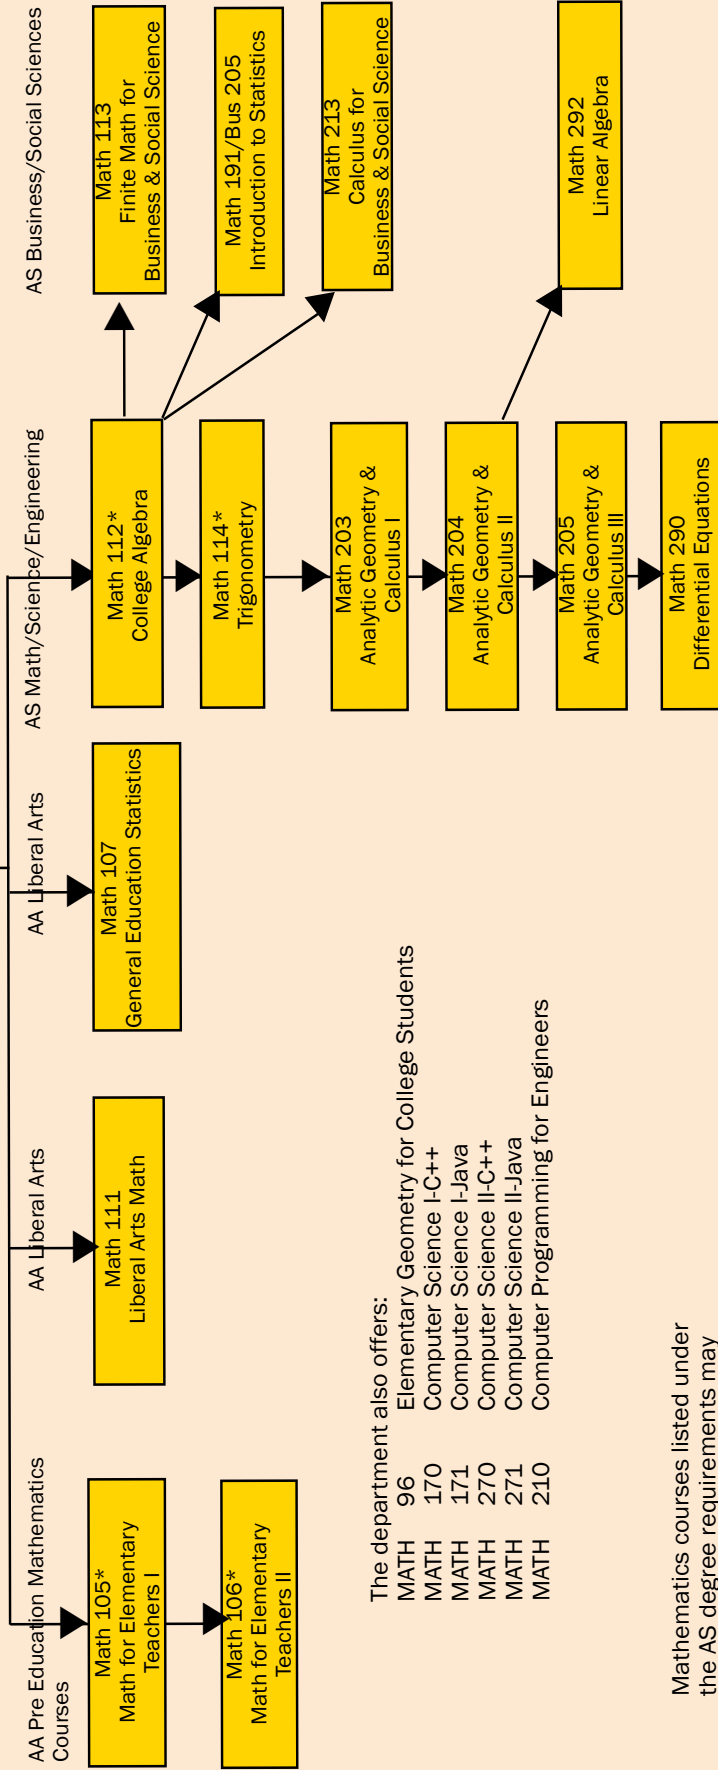

Implementation

Placement into mathematics courses is based on score on the SWIC Placement Test, ACT/SAT math sub-score, or prior college course work.

- Level 1 Math 93
- Level 2 Math 94
- Level 3 Math 97
- Level 4 Math 105, Math 107, Math 111, Math 112
- Level 5 Math 113, Math 114, Math 191, Math 213
- Level 6 Math 203

*Geometry is also a requisite for these courses. This requirement may be met with completion of Math 96 with a C or better, successful completion of one year of high school geometry at a regionally accredited school, or by proficiency test with the math department chair.

- The department also offers:
- MATH 96 Elementary Geometry for College Students
 - MATH 170 Computer Science I-C++
 - MATH 171 Computer Science I-Java
 - MATH 270 Computer Science II-C++
 - MATH 271 Computer Science II-Java
 - MATH 210 Computer Programming for Engineers

Mathematics courses listed under the AS degree requirements may be used toward the AA degree mathematics requirements.

To enroll in any of the above mathematics classes you must complete or place out of all the courses listed prior to it in the sequence.

Physics Pre-Major

Associate in Science Degree

swic.edu/academics/transfer-degrees/math-and-science/physics/

Department Chair: Joy Branlund
Faculty: Carmen Shepard

Physics seeks to understand the very basic concepts of force, energy, mass and charge. It is a broad and deep subject split into theoretical and experimental branches. Theoretical physics deals with the inquiry and formulation of new theories while experimental physics tests and analyzes these or previously existing theories. Physics relies extensively on sophisticated mathematics to provide its framework of study. A degree in physics can lead to careers from engineering to space research. Nuclear power, lasers and solid-state electronics are examples of technological advances that have come about through the study of physics.

Pre-Dentistry Pre-Major

Associate in Science Degree

swic.edu/academics/transfer-degrees/pre-professional/pre-dentistry/

Dean: Steve Holman

Dentists focus on maintaining oral health through such preventive and repair practices as extracting, filling, cleaning or replacing teeth; performing corrective work, such as straightening teeth; treating diseased tissue of the gums; performing surgical operations on the jaw or mouth; and making and fitting false teeth. To be a dentist, one must attend dental school after graduating from college. Most dental schools require applicants to pass the DAT, or Dental Admissions Test, which tests a student's ability to succeed in dental school.

Individuals interested in pursuing dentistry as a career should also note the importance of manual dexterity and scientific ability. Skilled, steady hands are necessary, as well as good space and shape judgment and artistic and creative ability. Good vision is required because of the detailed work. Individuals should also possess a love of learning since advances in dental research require dentists to continue their education throughout their careers.

Associate in Science Degree (0002) – Pre-Dentistry Pre-Major

Students who plan to earn an Associate in Science degree, transfer to a four-year college or university, and then continue on to a school of dentistry should follow the steps listed below. **It is strongly recommended that you confer with a SWIC academic advisor prior to enrolling each semester and familiarize yourself with the specific requirements of the four-year institution where you plan to transfer.**

1. Fulfill the General Education and other institutional requirements for the Associate in Science degree listed on page 111 of this catalog. General Education course **preferences** may vary by transfer institution.
2. As you fulfill your degree requirements, it is **strongly recommended** that you take the following classes:
 - BIOL 101 Principles of Biology I
 - BIOL 102 Principles of Biology II
 - CHEM 105 General Chemistry I
 - CHEM 106 General Chemistry II
 - CHEM 201 Organic Chemistry I
 - CHEM 202 Organic Chemistry II
3. **Most** dental schools will accept the following courses for credit towards meeting admission requirements:
 - MATH 191 Introduction to Statistics
 - PHYS 151 College Physics I
 - PHYS 152 College Physics II
4. The **optional** courses listed below may be applicable toward admission to dental school. **Please keep in mind that most transfer institutions limit the number of semester credits taken within a student's major field of study at the community college level.** To ensure the acceptance of such courses toward your intended major, check with the four-year institution where you are transferring or a SWIC academic advisor regarding their applicability.
 - PSYC 151 General Psychology
 - BIOL 270 Genetics
 - MATH 203 Analytic Geometry & Calculus I
5. Fulfill all other Associate in Science degree requirements listed on page 110 of this catalog.
6. Apply for graduation by the date published in the college calendar.

Dean: Steve Holman

A physician's responsibilities cover a wide range of functions in health maintenance, including both acute care and preventive care approaches involving substantial patient education. These responsibilities include diagnosing disease, supervising the care of patients, and prescribing and implementing treatment.

Important Transfer Information

Read the *Course Description Guide* (yellow section of the catalog) for more information on course content and requisites, which may be necessary for some courses.

If you KNOW where you are transferring:

- Transfer requirements vary by receiving institution.
- Plan your Associate in Science and transfer requirements with a SWIC academic advisor and use the transfer guide of the four-year institution you plan to attend.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

If you DON'T KNOW where you are transferring:

- Plan your Associate in Science with a SWIC academic advisor.
- The **Associate in Arts Degree Requirement Checklist** (page 61) may be used as a GENERAL GUIDE; transfer requirements vary by receiving institution.
- Refer to *Recommended Steps and Timeline to Transfer to Four-Year Institutions* on page 37.

Dean: Steve Holman

Pharmacists distribute prescription drugs to individuals and advise patients and physicians on the selection, dosages, interactions and side effects of medications. Pharmacists monitor the health of patients to ensure the safe and effective use of medication. They also advise patients about general health topics such as diet, exercise and stress management. They could be involved in research for pharmaceutical manufacturers, developing new drugs and testing their side effects, or they could work in marketing, sales, or carrying out cost-benefit analysis on certain drugs. Other pharmacists work for the government or public health care services.
