This process is formally conducted by SWIC's Compliance Committee, through the coordination of Department of Public Safety, Human Resources, Academic Advising (Wellness Advocate) and Student Development. Questions concerning this policy and/or alcohol and other drug programs, interventions and policies may be directed to the SWIC Wellness Advocate at 618-235-2700, ext. 5290 or by visit the Wellness Advocates office on the Belleville Campus (BC), Liberal Arts Complex (LAC), Room 2014, or swic.edu/students/services/support-services/wellness/mental-health-and-crisis-resources/. Polices - Alcohol, Other Drugs, and Weapons

As an academic community, SWIC is committed to providing an environment in which learning and scholarship can flourish. The possession or use of illegal drugs, or the abuse of those which may otherwise be legally possessed, seriously affects the college environment, as well as the individual potential of our students and staff. SWIC enforces state laws and related college policies, including those prohibiting the following activities on campus or other college owned or controlled property, within college vehicles, or other college affiliated activities:

- A. Alcohol: Providing alcoholic beverages to individuals under 21; or possession or consumption of alcoholic beverages by individuals under 21; or possession/consumption of alcoholic beverages not in compliance with Board Policy 7015
- B. Drugs: Manufacturing, growth, possession, distribution, use of illegal drugs or controlled substances, to include synthetic drugs/substances and possession or use of medical marijuana. Medical marijuana may not be possessed or used on college property or in any college vehicle. The use of medical cannabis is prohibited by a Public Safety Officer (commissioned or non-commissioned) and by ATS drivers.
- C. Weapons: Manufacturing, sale or possession of firearms or deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; illegal aliens possessing deadly weapons; and all attempts to commit any of the aforementioned.

Definitions:

- A. An illegal drug is defined for the purposes of this policy as any drug that is either not legally obtainable or has not been legally obtained. The term includes prescribed drugs not legally obtained, prescribed drugs not being used for prescribed purposes, prescribed drugs being used by a person other than the prescription holder, and marijuana.
- B. Legally prescribed medications are not covered under this policy and are permitted to the extent that their use does not adversely affect the employee, student, or enrollee's work ability, job performance, or the safety of others in the workplace/educational setting. The policy does not apply if the drug is prescribed or authorized by a medical practitioner while acting in the course of her/his professional practice (except for medical marijuana) and such drug is used by the individual at the prescribed or authorized dosage level, and such level is consistent with the safety of the college/campus operations or college related activities.

Students: The abuse of alcohol and other drugs by students, regardless of age and location (on-campus or off-campus at college owned or controlled property affiliated with a college activity), is prohibited by the Student Conduct Code. SWIC can, and will, impose disciplinary sanctions for violations. Students also are subject to city ordinances and state and federal laws.

Employees: The abuse of alcohol and other drugs by staff, which impacts the employees duties, regardless of location (on-campus or off-campus at college owned or controlled property affiliated with a college activity), is prohibited by Board Policy 3023, Substance Abuse Employees. SWIC can, and will, impose disciplinary sanctions for violations in accordance with Board Policy and/or other collective bargaining or employee group agreements and administrative procedures. Employees also are subject to city ordinances and state and federal laws.

SWIC strongly encourages students and staff members to voluntarily obtain assistance for dependency or an abuse problem before such behavior results in an arrest and/or disciplinary referral which might result in their separation or termination from the institution.

The use of, or addiction to, alcohol, marijuana, or controlled substances is not considered an excuse for violations of the Student Conduct Code or work place expectations, and will not be a mitigating factor in the application of appropriate disciplinary sanctions for such violations.

Help is available both on campus and within the community for students and staff members who are dependent on, or who abuse the use of alcohol or other drugs.

- The wellness advocate has alcohol and other drug information or visit swic.edu/students/services/support-services/wellness/mental-health-and-crisis-resources/. SWIC's Enrollment Services also provides Wellness Advocates for

confidential assistance to students, faculty and staff. If requested, staff will make referrals to professional treatment programs.

- The Human Resources Department can assist staff members with using the employee's personal insurance or obtaining assistance from local support services.
- Off-Campus Agencies: Other professional agencies will maintain the confidentiality of persons seeking help for personal dependency and will not report them to institutional or state authorities. See On Campus/Off Campus Resources and Services below

Tobacco-Free Campuses

As of July 1, 2015, SWIC is a tobacco-free campus. Smoking and the use of tobacco products – to include smokeless, e-cigarettes or other devices that simulate visual, sensory and behavioral aspects of smoking – in all college-owned, rented or leased properties and vehicles is prohibited, except in your personal vehicle while parked on college property. For details and smoking cessation information, visit swic.edu/students/services/safety/public-safety/tobacco-free-campus.

Drug Testing:

In order to provide a safe learning environment and work place free from drug and alcohol abuse, Southwestern Illinois College has adopted and will continue to implement a drug and alcohol testing program.

1. The college is required to establish a drug and alcohol abuse testing program for specific safety sensitive personnel. This requirement results from the federal Omnibus Transportation Employees Act of 1991 (Public Law 102-143).
2. The college will consider the following safety sensitive personnel for the purpose of the Testing Program: ATS drivers and dispatchers, designated Physical Plant personnel, Athletic Department coaches, and Public Safety officers.
3. All Faculty and staff can be tested for cause in accordance with Board of Trustees policies, statues, employment contracts, or collective bargaining or employee group agreements.
4. Student-Athletes can be tested in accordance with the Athletic Departments, Substance Abuse Prevention Procedures.

Testing for illegal drugs shall be performed using a urine sample collected with a chain-of-custody and will include testing for the following substances: cocaine, marijuana, opiates, amphetamines, methamphetamines, and phencyclidines. All drug testing will include review by a qualified Medical Review Officer (MRO) and an "MRO Positive" result will be considered a positive result.

In accordance with Americans with Disabilities Act of 1990 and ADA as amended of 2008, no individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of the college. Further, no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of the college or be subjected to discrimination by the college.

SWIC ensures that equal educational opportunities are offered to students regardless of race, color, religion, sex (including pregnancy, gender identity and sexual orientation), national origin, age (40 or older), disability or genetic information, or veteran status. All academic, extracurricular, research and other educational programs and activities are non-discriminatory.

Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, previously known as the Federal Student Right-to-Know and Campus Security Act of 1990 and Higher Education Opportunity Act of 2008, the Department of Public Safety publishes and distributes an annual Campus Security Report and Fire Safety Report by October of each year. The CSR lists the campus crime statistics, on campus and surrounding public property, and noncampus facilities, for the previous three years. The CSR/FSR also outlines the Public Safety department's authority; security policies; procedures for reporting crime; procedures for reporting sexual assaults/sex offenses and follow-up services; counseling and treatment services;

crime prevention programs; accessibility of campus facilities; Substance Abuse Policy; 2008 revisions of the Higher Education Opportunity Act with specific additions to hate crime reporting, emergency response and evacuation procedures; missing student notification; and fire safety issues for institutions that maintain an on-campus student housing facility; and the Violence Against Women Reauthorization Act of 2013 amendments to the Clery Act, specifically addressing domestic violence, dating violence and stalking. The annual CSR/FSR can be accessed via the Southwestern Illinois College website at swic.edu/students/services/safety/campus-security-reports, or a copy of the CSR/FSR can be obtained by contacting the Public Safety department at 618-235-2700, ext. 5221, or writing the director of Public Safety, 2500 Carlyle Ave., Belleville, IL 62221.
