

Accounting AAS

Mission Statement

The mission of the Accounting AAS program is to provide the necessary skills for students to be successful in entry-level accounting related careers and full-charge bookkeeping careers. We will accomplish this by providing a dynamic learning environment that emphasizes customer needs and that develops students' abilities to make effective business decisions. Assessing the program's value and students' skill levels are vital to its effectiveness. This program fosters a commitment to lifelong learning as a key component to career success.

Educational Goals

Upon completion of the program, students will be able to:

1. Explain basic accounting principles
2. Effectively maintain the financial records of a business
3. Interpret financial data for planning, controlling and evaluating the performance of a business
4. Communicate effectively, appropriate to a business environment
5. Demonstrate professional behavior, including personal accountability
