Students in traditional face-to-face Chem 105 sections spend 6 hours in lecture and laboratory per week and are also expected to dedicate an additional 8 hours to the course each week.

Students will retrieve a laboratory kit from the SWIC Belleville campus before the semester begins. Alternate methods for pick-up or delivery of the kits are extremely limited and are granted on a case-by-case basis. Students should check their SWIC email by August 18, 2021, for details about retrieval of laboratory kits.

Students must complete an exam in person on one of the three SWIC campuses on two dates during the semester (near the mid-term of the semester and at the end of the semester). Alternate proctoring arrangements may be made on a case-by-case basis.
