DESCRIPTION

The study of language is profitable whether you are majoring in the arts, sciences or business. Spanish is the second most commonly spoken language in the United States and all science majors are encouraged to learn German and/or French. Business majors will discover that the ability to speak and understand a second or third language will give them employment advantages over those who are monolingual.

EMPLOYMENT OPPORTUNITIES

A variety of careers are open to students who graduate with a bachelor's degree in foreign language including:

Foreign service and diplomacy	Foreign student advisor
International aid organizations	Travel and hospitality
International business and trade	Health and medical professions
Foreign news correspondent	Social work
Bilingual/English as a second language teacher	Interpreter and translator

COURSE SEQUENCE BY TERM

The following is the suggested course sequence by term. Please keep in mind:

- The course sequence is laid out by suggested term and may be affected when students enter the program at different times of the year.
- Initial course placement is determined by current district placement measures and/or completion of 100-200 level course and/or program requirements.
- Students should meet with an academic advisor about any concerns that may affect course enrollment.
- **This guide includes course suggestions for students undecided on where they plan to transfer. If you know where you are transferring to for your bachelor's, follow that institution's transfer requirements.**
