Mission Statement

The Early Childhood Education program at Southwestern Illinois College enables students to acquire the theoretical knowledge and competencies required to enter a career or to continue professional growth in the field of early childhood education. The program prepares educators who are able to maximize the development and learning of children with diverse needs in a variety of settings. Assessment of student learning is incorporated throughout the curriculum to ensure students acquire the knowledge and skills that all well-prepared early childhood educators should possess. The program provides a curriculum that meets or exceeds the minimum standards outlined in the National Association for the Education of Young Children Standards for Early Childhood Professional Preparation and the Early Childhood Education Content Area Standards.
